Professional Overview

I have worked in post-secondary education for 27 years, serving at four institutions, which include full comprehensive universities and academic health science centers: the University of Georgia, Medical College of Georgia (Augusta University), University of Arizona, and University of Tennessee Health Science Center (UTHSC). In addition to my tenured professor faculty role, my strategic administrative leadership positions have included Dean of the UTHSC College of Pharmacy (my current position) and Head of the Department of Pharmacy Practice and Science at the University of Arizona College of Pharmacy, both of which are ranked as top 20 colleges of pharmacy by *U.S. News and World Report* and in National Institutes of Health (NIH) funding. I am also Founder and Director of the Medication Access Program, a statewide outreach organization in which a multidisciplinary team is responsible for increasing medication accessibility for solid-organ transplant recipients, providing millions of dollars in medications since its inception.

In my current position as Dean of UTHSC College of Pharmacy, I am responsible for various duties including articulating the vision, mission, and values of the College; leading transformational change and strategic planning efforts; providing stewardship of the College's academic and student affairs programs; advancing research, innovation and scholarly/creative achievements (notably, under my leadership, the College's NIH funding ranking among more than 140 colleges of pharmacy increased from approximately #40 to #14 in federal fiscal year 2020); increasing the size and diversity of the student body; facilitating student success regarding progression, graduation, licensure and employment; managing a multi-million dollar annual budget; successfully advocating for tuition reductions; leading and collaborating with faculty and staff to ensure effective and efficient operations; fostering philanthropic efforts; championing diversity, inclusivity and equity efforts; and bolstering the College's teaching, research/scholarship, clinical care, and service/outreach missions. Additionally, I manage multiple physical campus locations, as the College has three campuses, Memphis, Knoxville, and Nashville, the latter of which was established under my leadership. Please refer to pages 4-10 of this CV for further details regarding my administrative service.

4. Administrative Service

Dean, University of Tennessee Health Science Center College of Pharmacy, 2012-Present

The College of Pharmacy (COP) has three campuses (Memphis, Knoxville, and Nashville, the latter of which was established under my leadership) and more than 70 salaried faculty, 750 adjunct faculty, 50 staff, 40 residents, more than 700 professional students, and more than 50 graduate students. Key accomplishments are as follows:

1. Providing visionary and intellectual leadership to the COP (ranked #20 by *US News and World Report* and #14 in NIH funding among ~140 colleges of pharmacy), in alignment with the University's mission and vision.
 - Implemented major revision of the College's vision, mission, and strategic plan with faculty approval. The College's mission and associated strategic goals address the major areas of education, research/scholarship, clinical care, and outreach (i.e., service). Strategic plan metrics are monitored as a continuous quality improvement process, and funding is allocated accordingly.
 - Collaborate with various University stakeholders to facilitate both the campus and College strategic direction.
 - Received multiple national leadership awards (see Section 5 of CV).
2. Leading College and Campus accreditation efforts and serving as accreditation organization board member and site evaluator.
 - Facilitated full accreditation of the College by the Accreditation Council for Pharmacy Education (ACPE) following a year-long self-study and October 2014 site visit. This was the most successful reaccreditation in the College's history.

- Helped to facilitate Southern Association of Colleges and Schools Commission on Colleges (SACSCOC) accreditation of UTHSC.
 - Member of the ACPE Board of Directors.
 - Serve as a site evaluator for both SACSCOC, ACPE, and Western Association of Schools and Colleges Senior College and University Commission (WASC WSUSC).
3. Promoting student access, affordability, and achievement.
- Supervise the College's Offices of Student Affairs and Academic Affairs, as well as undergraduate and graduate programs.
 - Provide oversight to PharmD program outcomes.
 - Consistent student graduation rates of greater than 90%
 - Annual first-time NAPLEX (North American Pharmacist Licensure Examination) pass rates greater than 95%
 - Employment (including post-graduate training) rates of greater than 95% within three months of graduation
 - Increased number of graduates pursuing residency training (greater than 40%)
 - Implemented an undergraduate degree program, the BS in Pharmaceutical Sciences.
 - Established formal agreements, known as 3+1 agreements, with several universities and colleges to allow students who complete three years of undergraduate study to obtain their BS degrees following one year of pharmacy school.
 - Revamped or launched multiple interdisciplinary dual-degree programs: PharmD/PhD, PharmD/MBA, PharmD/Master of Health Informatics and Information Management, PharmD/Master of Public Health, and PharmD/Master of Instructional Curriculum and Leadership.
 - Implemented multiple certificate programs (including a pharmacy technician certificate program).
 - Provided oversight to the transition of the didactic curriculum to an online delivery format during the COVID-19 pandemic.
 - In collaboration with University administration and the Board of Trustees, implemented a strategic tuition program which allows out-of-state students to receive a 75% out-of-state tuition differential reduction. This effort began as a regional program in 2014 and was expanded nationwide in 2019.
 - Advocate University administration to minimize annual tuition increases.
 - Increased endowed scholarships by more than 140%. Led efforts to establish and endow the Faculty and Staff Endowed Scholarship, which had 100% faculty participation and greater than 60% staff participation and exceeded the \$25,000 required for endowment. As a result of efforts to build up scholarship funds, approximately 50% of PharmD students receive scholarships annually.
 - Supported growth of the College's international program, established in recognition of the importance of global partnerships. As part of the program, fourth-year pharmacy students have a month-long Advanced Pharmacy Practice Experience at an international pharmacy site. This program now includes 16 locations in 11 countries.
 - Established a direct admissions program.
 - Implemented a new integrated curriculum.

- Reorganized Advanced Pharmacy Practice Experiences (APPEs) to reflect three tracks, Community, Inpatient residency, and Graduate.
 - Increased the College's use of clinical simulation and interprofessional education experiences.
4. Achieving faculty excellence in research and scholarly productivity.
- Substantially increased scholarly productivity during my tenure.
 - Increased the College's National Institutes of Health (NIH) funding more than fourfold since 2015
 - Increased the College's NIH ranking among over 140 U.S. colleges of pharmacy from approximately number 40 to number 14 in FY2020
 - Percent of tenured/tenure-track PhD faculty with NIH funding (as PI, Co-I, etc.) increased from 44% to 82%
 - Increased average number of publications per faculty member to 4.5 per year
 - Percent of Clinical Pharmacy and Translational Science faculty who publish at least 2 peer-reviewed journal articles per year increased from 56% to 83%
 - Percent of Pharmaceutical Sciences faculty who publish at least 4 peer-reviewed journal articles per year increased from 35% to 75%
 - Provide oversight to the multidisciplinary Center for Pediatric Experimental Therapeutics (CPET), a state-supported center of excellence that includes members from St. Jude Research Hospital
 - CPET accomplishments, 2019-20: greater than \$7 million in NIH funding and more than 85 peer-reviewed publications
 - Established the Institute for Biomarker and Molecular Therapeutics and the Drug Discovery Center (for which I serve as Executive Director), and encouraged faculty to create interdisciplinary collaborations, teams, and research partnerships.
 - Drug Discovery Center accomplishment: \$9,277,382 in external competitive grant funding
 - Provide funding to support faculty success (eg, seed grants, development programming).
5. Effectively recruiting and retaining quality administrators, faculty, and staff to support College strategic direction and operations.
- Established an Executive Committee (similar to an executive cabinet) which includes the Associate Deans for Student Affairs, Academic Affairs, Research and Graduate Programs, and Strategic Initiatives and Operations; the Chairs of the Departments of Pharmaceutical Sciences and Clinical Pharmacy and Translational Science; the Knoxville and Nashville Campus Associate Deans; and the Assistant Dean for Finance and Operations. We meet on a weekly basis to discuss College operations and other strategic matters.
 - Appointed new Assistant Deans for Student Success and Scholarly Integration and Collaboration to facilitate further growth in the areas of student achievement and research advancement

- Supervise Faculty Affairs such as faculty recruitment, development/training and promotion and tenure.
 - Recruited several new administrators and faculty, greater than 60% of whom are NIH-funded, and negotiated retention packages of key NIH-funded faculty.
 - Conducted faculty and staff workload assessments and made appropriate changes to address equity.
6. Building and maintaining effective relationships with community leaders, multidisciplinary professional organizations, and College and campus constituents.
- Support the growth of the College's CE program to enhance the continued professional development of Tennessee pharmacists.
 - Increased residency programs, including community pharmacy programs, with health care partners across the state.
 - Implemented the College's Pharmacy Faculty Organization, which is composed of elected and appointed faculty, to provide additional stakeholder input and shared governance.
 - Ensured strategic planning involved key stakeholders and was communicated to stakeholders.
 - Elected as Councilor-at-Large to the Board of Directors of the American Society of Transplantation (AST) (term 2021-2024); served as chair of AST's Inclusion, Diversity, Equity and Access to Life (IDEAL) Task Force; and currently serve as chair of the American Society of Health-System Pharmacists Section of Pharmacy Educators, among other national service roles (see Section 6 of CV).
7. Ensuring financial success of the College in managing revenue and expense.
- Oversee College's ~\$40 million budget.
 - Negotiated several million dollars in additional funding to the College.
 - Introduced/implemented strategic spending.
 - Strategically reallocated and reinvested funds, allowing for new initiatives such as tuition minimization, increased scholarships, and faculty seed grants
 - Facilitated the removal of campus taxation of the College of Pharmacy Continuing Education program which made the program more fiscally solvent.
 - Work closely with the College's business units to maintain a balanced budget and ensure the College's financial success.
 - Received funding of approximately \$10 million to complete internal build-out/construction of the 5th and 6th floors of the College of Pharmacy building. Additionally, provided oversight of renovations to the College's Knoxville and Nashville campus locations.
 - Served on the University of Tennessee Foundation Board of Directors and currently serve as a Trustee of the Georgia College Foundation Board (and as a member of the Board's Finance Committee).
8. Fostering a culture and environment that embraces diversity and equity efforts.

- Have the highest student diversity rate among all UTSHC colleges and one of the highest student diversity rates among US colleges of pharmacy (exclusive of Historically Black Colleges/Universities). The College's student body is greater than 30% underrepresented minorities (which mirrors the racial/ethnic breakdown of the state of Tennessee, per <https://www.census.gov/quickfacts/TN>).
- Created the College's Equity, Inclusivity, and Diversity Advisory Board, and hired a Director of Equity, Inclusivity, and Diversity, the first position of its kind in any individual college at UTHSC.
- Support the Tennessee Institutes Pre-Professionals Program whose objective is to increase underrepresented minority participation in healthcare fields.
- Received diversity and inclusion awards:
 - College-level: Higher Education Excellence in Diversity (HEED) Award from INSIGHT Into Diversity.
 - Individual-level: Inspiring Women in STEM Award and Giving Back Award, both from INSIGHT Into Diversity.

Head of the Department of Pharmacy Practice and Science, University of Arizona College of Pharmacy, 2006 to 2012

The Department is responsible for greater than 85% of the professional program teaching load and has three graduate programs: Pharmaceutics and Pharmacokinetics, Pharmaceutical Economics, Policy, and Outcomes, and Clinical Research. During my tenure, the Department had approximately 27 full-time faculty, 5 full-time staff, and greater than 650 adjunct faculty. As Department Head, I devoted time and resources to expanding capacity, promoting faculty development and success, and meeting economic challenges. Key accomplishments include:

1. Fostered strategic planning, diversity, equity, quality, and a supportive environment.
 - Developed and implemented the department's 5-year operational (strategic) plan.
 - Increased women faculty by greater than 350% and minority faculty by 150%.
 - Reviewed and facilitated workload equity among faculty and staff.
 - Performed annual evaluations and goal-setting, mentoring and academic planning with department faculty, resulting in increases in productivity during my tenure.
 - Grant submissions increased by ~250%, and grant funding increased by ~260%
 - Approximately 87% of tenured/tenure-eligible/non-tenure-eligible faculty in the Department had grant or contract funding, with grant funding of approximately \$308,547 per faculty member (an ~602% increase)
 - Number of publications increased from 3 in 2006 to 5 per faculty member in 2010
 - Implemented and maintained a Visiting Scholars program.
 - Coordinated several faculty development programs, including two grant writing workshops.
 - Implemented MVP (Mission, Vision, Planning) Committee to serve as advisory council to department head.
 - Received University diversity and inclusion awards (see Section 5 of CV).

2. Recruited and retained quality faculty.

- Hired 11 new faculty members, with a greater than 90% retention rate.
- Developed and implemented the department's faculty mentoring program. As an example of program success, we had faculty who received NIH R01 funding within two years of hire.

3. Built campus-level and community relationships.

- Served on university committees including ADVANCE and UA North Central Association (NCA) Accreditation committees (see Section 6 of CV).
- Maintained University Medical Center (UMC) contracts (eg, residencies and faculty).
- Added four new residency programs (emergency medicine, pediatrics, infectious diseases, and administration) and increased from 8 residents to 20 residents.
- Started UA residencies at El Rio Health Center and University Physicians Healthcare Hospital (UPH).
- Obtained several external co-funded faculty/residency contracts.

4. Oversaw department budget and operations.

- Strategically managed the department budget in an era of budget cuts and restrictions, which allowed the department to grow in number and productivity.
- Focused on targeted growth and partnered with other facilities to share in costs (ie, co-funded faculty positions).

Founder and Director, Medication Access Program, 1999 to Present

- Developed and implemented MAP's strategic plan and mission, which is to increase access to medications among solid-organ transplant recipients.
- Helped more than 1025 transplant recipients receive greater than \$93 million in needed prescription medications in collaboration with the MAP team.
- Published numerous peer-reviewed journal articles associated with MAP, including those that address outcomes experienced by MAP patients.
- Received several grants to fully fund and support the operations of MAP.
- Supervise employee hiring, development, education, training, management, and evaluation.
- Conduct patient satisfaction surveys on an annual basis. Surveys consistently indicate very high satisfaction with MAP services.

National Elected Positions and Appointed Government Positions

- Chair of the Executive Committee, Section of Pharmacy Educators, American Society of Health-System Pharmacists, 2020-Present

- Councilor-at-Large and Member, American Society of Transplantation Board of Directors, 2021-Present
- Commissioner, State of Tennessee Education Recovery and Innovation Commission
 - One of nine interdisciplinary commissioners; other commissioners include a retired legislator, Founder and CEO of Valor Collegiate, President of Tennessee College of Applied Technology, Director of Manchester City Schools, Director of the University of Tennessee MBA program, Chief of Staff of TriStar Medical Center, President and CEO of the Scarlett Family Foundation, and President of Denark Construction.
 - Appointed by the Lieutenant Governor of Tennessee, Randy McNally.
 - Purpose of the Commission: to advise and make recommendations to the Tennessee General Assembly, state board of education, department of education, higher education commission, and state institutions of higher education on strategies to close educational gaps resulting from school closures, and to modernize the state's educational structure from kindergarten to career to create more flexibility in delivery of education to students.
 - Focused on K-12 to career.
 - Commission report available at:
